To Whom It May Concern:

Thank you for your recent inquiry with respect to whether BISCO® Silicones meet the requirements of EU Directive 2006/122/EC concerning perfluorooctane sulfonates, PFOS. We do not intentionally coat any BISCO® Silicone product with PFOS. Further, to the best of our knowledge, our products do not exhibit PFOS on their surface at concentrations above 1 microgram per square meter.

The response provided by Rogers is based upon our knowledge of the raw materials used in its manufacture. The information is accurate to the best of our knowledge.

If I may be of any further assistance, please do not hesitate to contact me via e-mail at [gregory.waters@rogers-corp.com](mailto:gregory.waters@rogers-corp.com) or by calling 860-928-8803.

Sincerely,

A handwritten signature in blue ink that reads "Gregory J. Waters".
