

High Performance Foams Division

171 West St. Charles Road / Carol Stream, IL 60188-2081 / 630.784.6200 / Fax: 630.784.6201

January 1, 2010

To Whom It May Concern:

Thank you for your recent inquiry with respect to whether or not Rogers Corporation's EC-2000 product meets the requirements of ROHS (Restriction of the use of Certain Hazardous Substances in Electrical and Electronic Equipment). We do not intentionally add lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB) or PBDE (polybrominated diphenyl ether) to the aforementioned product. Further, to the best of our knowledge, the foams do not contain any of the compounds listed above the indicated thresholds.

The response provided by Rogers is based upon our knowledge of the raw materials used in its manufacture. The information is accurate to the best of our knowledge.

If I may be of any further assistance, please do not hesitate to contact me via e-mail at gregory.waters@rogers-corp.com or by calling 860-928-8803.

Sincerely,

A handwritten signature in blue ink that reads 'Gregory J. Waters'.
